NEW DATE  
Thursday  
January 28,  
2021**

**What:** Harbor Visioning Public Workshop  
**Where:** Online Zoom Webinar: [Register Here](#) or on the project website listed below  
**When:** January ~~20~~, 2021 from 6:00 pm to 8:00 pm

We invite you, as well as all Oxnard and Ventura County residents and Harbor stakeholders, to participate and share your vision of the Harbor's future as a more complete, interesting, and welcoming place. This public workshop is a key part of the Harbor Visioning process. During the workshop, the project team—selected by the County of Ventura and led by Sargent Town Planning—will present initial concepts that have been developed in response to public, stakeholder, and Steering Committee input. The workshop will include live polling to allow all participants to provide feedback on the ideas shared in the presentation. Participants will also be provided an opportunity to ask questions and offer comments during the event. For anyone who cannot attend the workshop live, the presentation and an online survey will be posted after the event on the project website listed below.

**Project Website:** [www.channelislandsharbor.org/visioning](http://www.channelislandsharbor.org/visioning)
