Communities of Interest

● Channel Islands Harbor and Beach Communities

Our Channel Islands Harbor community consists of neighborhoods within the boundaries of 5th to the North, Victoria Avenue to the east, the Pacific Ocean to the West and the entirety of the surrounding area of Channel Islands Harbor to the South. We need to include all the way to Gonzales road as it pertains to Water Quality issues with the canal that impact the Harbor. Our Channel Islands Harbor and Beach community shares social, economic and environmental interests and should be grouped A single supervisor district to facilitate fair and effective representation on all issues mentioned here. We are proud of our harbor and beaches and would like to protect, preserve and improve on what we see as a valuable visitor serving resources for our City, our County and our State.
